The Dairy Creek Men's Club is run by its members and not by the Pro Shop or San Luis Obispo County. Volunteers do everything that takes place throughout the year. If you would like to volunteer and/or offer suggestions for the betterment of our club, the course, or facilities in general, please do so.

1. ___ I want to volunteer. Please call me at the above listed phone number.
2. I offer the following suggestions:

A. _____

B. _____

The NCGA Foundation is a non-profit IRS 501© (3) charitable organization founded to promote life skills and values through the game of golf to kids, with a focus on deserving youth in our local communities. The Foundation ensures that each dollar donated is well spent, and your support will be appreciated.

1. An NCGA matching challenge grant means every dollar raised will be ***doubled***.
2. The Foundation has negligible overhead and staffing expenses, which the NCGA covers.
3. Participating youth pay an average of \$2 for green fees, and \$1 for range balls.
